Buffalo Lawn**

# MATILDA

# TAKE THE CONFUSION OUT OF LAWN!

## FINALLY THERE IS A SOLUTION TO ALL YOUR LAWN PROBLEMS ...

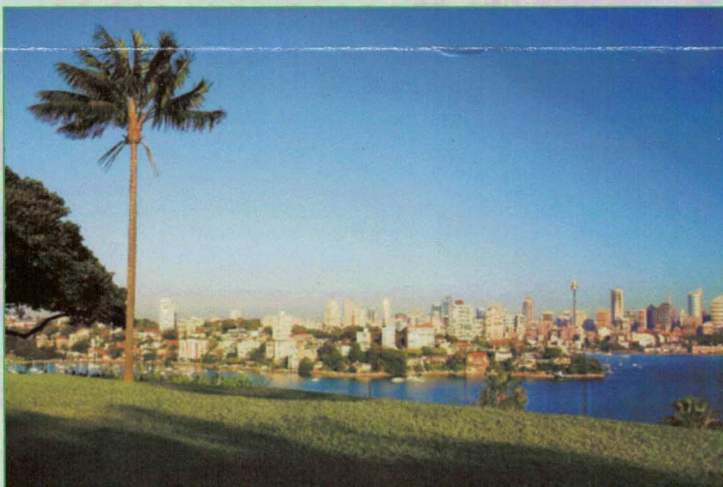

**MATILDA** – the ultimate in quality and performance when it comes to an Australian born and bred lawn. Characterized by its softness, drought tolerance, wear resistance and outstanding colour retention, throughout the summer and winter months look no further than **MATILDA**.

Extensively tested and trialed in a natural and open environment, the results reflect its true and reliable performance. Matilda is designed to withstand Australia's harsh and fluctuating climate.

**MATILDA** is a truly stunning lawn. Its dense fibrous root system will enhance the rapid establishment of your new lawn, minimizing your water use, labour and time.

**MATILDA** has a dense thatch giving your lawn an everlasting lush full look all year round. Its rich evergreen colour is second to none, tolerating both full sun and part shade (up to 80%)

**MATILDA** will survive temperatures below zero and will self repair if damaged.

**MATILDA** has been tested and proven to grow in even the harshest of conditions. Tested and trialed in Australia, Matilda has been known to perform well in coastal areas with salty soil.

Although not ideal for any turf, **MATILDA** will grow on clay and rocky soils, where most other turf varieties will not tolerate these conditions.

**MATILDA** - Australia's No.1 soft-leaf buffalo. Easy to care for... so casual to own.

If you want the perfect lawn in colour and performance you can't go past **MATILDA**, the ultimate in a premium soft-leaf Buffalo.

We recommend mowing fortnightly in summer and little to no mowing is required in the winter months. Care and maintenance tips are also available when you purchase...
